### Short Description

36" Gas Cheesemelter

### Description

The Dukers DCCM36 Gas Cheese Melting Oven offers reliable and efficient melting cheese capabilities for commercial kitchens. A premium appliance designed for exceptional performance and durability. Featuring a heavy gauge insulated body and an all-stainless-steel front, sides, and top, this oven ensures long-lasting use and a sleek, modern appearance. It is equipped with a standing pilot for instant ignition and a powerful 35,000 BTU gas infrared burner, available in natural gas and adjustable for LP. The roll-out grid rack assembly simplifies loading and unloading, while the large-capacity crumb catcher and removable broiler grid make cleaning effortless. With both wall mount and range mount kits included, this oven offers versatile installation options to suit any kitchen setup.
