Short Description

312 lbs. Per Day Ice Machine with 88 lbs. Storage Bin

Description

The **Dukers DIM300** ice machine is built for higher-volume commercial operations like restaurants, hotels, and beverage stations. This powerful unit produces up to 312 lbs of crystal-clear ice per day and includes a built-in 88 lb storage bin to keep a steady supply ready.

With a vertical evaporator and R290 refrigerant, the DIM300 offers reliable performance and energy efficiency, even in challenging conditions up to 110°F. Its intelligent control system automates ice production and release while providing fault alerts for hassle-free operation.

The fully antimicrobial liner and removable water trough, air filter, and distribution tube make cleaning and maintenance simple and

efficient.
